# BRUCE TO JENN-

## Castration op booked for Olympic hero turned reality star

**B**RUCE Jenner has made the decision to put his old life on the chopping block – literally!

Just weeks after adding to his feminine figure with a super-secret boob job – as revealed exclusively in the pages of The National ENQUIRER – the 65-year-old Olympian is “now ready to have his penis removed,” a pal has confirmed.

“This is a very, very big step for Bruce to take. He knows it is a very intensive surgery and he’s ready for it. It’ll happen at the end of May – or the beginning of June.”

The source added: “Bruce has been emotional [about the decision], but feels this is the body he was meant to have!”

**THE BODY**, complete with a new busty 44C chest, was on show for the world at

Easter when he was spied motorcycling through Los Angeles – while the rest of the Kardashian clan went to church.

Bruce coyly concealed his changing body beneath a black jacket, riding gloves, jeans and a visored helmet over rose-tinted sunglasses. A day later, he similarly draped himself in a baggy black hoodie and basketball shorts, plus a cap and shades for a solitary hike, as The ENQUIRER spotted.

But alert observers couldn't miss that Bruce's hands were sporting a glamorous candy-apple red nail polish!

The 6-foot-2 former athlete – who won his gold medal in the

## MANHOOD NO MORE!

What happens  
in the 8-hour  
procedure ...

HERE'S good news for Bruce Jenner: “It's not really a chop – more like filleting!”

That's the opinion of Dr. Mel T. Ortega, a Miami plastic surgeon who explained to The ENQUIRER how the 6-to-8 hour procedure will literally transform Bruce into a woman.

decathlon at the 1976 Olympic Games – is still waiting for his TV tell-all to formally acknowledge his transgender status.

**BRUCE WILL** be sitting down with Diane Sawyer of ABC News on April 24, it has been announced. In the hotly anticipated interview, he's expected to out his male persona for good – and mark the occasion as “a farewell to Bruce.”

He will “present himself” as a

woman publicly for the first time, but won't reveal his name, or dress like a woman, sources said.

TV insiders said Bruce will chronicle his life from age 5, when he identified as a female, and detail how he's been “living as a man, but not feeling like one.”

**WITH HIS** transition to female now in its 69th week since The ENQUIRER first broke the story, Bruce has been slowly inching his way toward a more feminine appearance.

He's had a nose job and a laryngeal shave to reduce the size of his Adam's apple – plus filler injections and hormone therapy in addition to breast enhancement.

Bruce may “go bigger,” a source told The ENQUIRER, referring to his cup size.

“This hasn't been an easy road for Bruce – but after years of living a lie, he's telling friends, ‘I'm finally happy!’”

“The testicles are history, but the rest is preserved to create the ‘neovagina,’” Dr. Ortega said.

“The tissue is never removed from the body, with the exception of incorporating skin grafts if there isn't enough material.”

Okay, so what happens to Bruce's testicles?

“They will be documented and assessed, and then disposed of in the usual method: a biomedical waste procedure usually involving incineration. In other words, they'll be burnt.”

Nic and second hubby Keith are putting on a happy front amid divorce rumors

## ‘I DO ... AGAIN!’

**N**O MORE tears for Nicole Kidman and hubby Keith Urban! After endless spats and even talk of divorce, the two have patched things up in counseling – and now plan to renew their vows.

“They're in a wonderful place,” said a close pal of the couple. “They want to go to Bali with the kids for a second wedding ceremony!”

As The National ENQUIRER has reported, the pair fought furiously over Nicole's nonstop cosmetic procedures, Keith's constant touring and the time he spends away from home on “American Idol.”

“They were spending all of their time apart,” said a source.

“Keith even headed to Hawaii on his own to think about what he wanted to do about their marriage. Nicole knew she had to do something.”

That's when the pair – both 47, and parents of daughters Sunday Rose, 6, and Faith, 4 – sought counseling from a professional who considers said helped them talk out their differences.

“Keith now understands that Nicole was going through a career crisis,” said a close friend. “At her age, she knows that her leading lady days may be over, and he realized that her Botox treatments were a desperate attempt to keep her competitive.”

Thanks to therapy, the two are more in love than when they first tied the knot in 2006, said the source.

“After all the crying and sharing, they just want to start over with a beautiful private ceremony in a paradise far from Hollywood!” added the source. **NE**

# SURI SHUNNED!

**Tom's banned from seeing 'Potential Trouble Source' daughter, 9, says church expert**

**I**N AN astonishing move that would stun most parents, the cult-like Church of Scientology has banned Tom Cruise from seeing his precious daughter, Suri, according to whistleblowing ex-members!

The actor has not been spotted in public with Suri – who turns 9 on April 18 – since Dec. 2013, a National ENQUIRER investigation has uncovered. Tom has said that's because he was filming "Mission: Impossible 5" in London.

But leading experts familiar with the controversial religion disagree.

Former Scientologist Jon Attack told The ENQUIRER: "I think it's likely that Tom reported that he was feeling upset, and that's when I think he may have been told to drop any connection to his daughter."

While Tom has been a devout Scientologist since the late 1980s, its doctrine regards Katie Holmes' "public" defection as a "high crime."

It also warns that, as the daughter of a defector, Suri may be a "Potential Trouble Source," or PTS, and could even turn into a "Suppressive Person," or SP. That means Tom, 52, would have to cut off all

contact with Suri!

"To disavow Scientology to anyone – even your spouse – is 'public,'" explained Jon, who wrote an exposé of the church titled, "Let's Sell These People a Piece of Blue Sky."

"So there is a presumption that Katie is an SP, and anyone with a connection to an SP – such as a child of the defector – is a PTS."

**BUT THE SUPERSTAR** believes he can reconnect with Suri by sending her to a Scientology school, where she'll be educated in the bizarre teachings of church founder L. Ron

**Mysteriously, Tom and Suri haven't been photographed together in over a year**

## BLOW BY BLOW: John's sordid gay sex scandal explodes!

**H**E HATED it when The National ENQUIRER exposed his secret gay life – but John Travolta was hoping this publication would keep him from going under oath in a lawsuit filed by his former male lover!

Now The ENQUIRER has exclusively learned that a judge ruled the 61-year-old star is going to court to answer questions from the attorney for his former boyfriend, Doug Gotterba!

"John's in major trouble," a source told The ENQUIRER.

"Being questioned under oath about Doug could be his worst nightmare!"

It's the latest bombshell twist in a lawsuit filed by Doug, who's fighting to release

his book about his years as John's personal pilot and very personal companion.

As The ENQUIRER was the first to report back in 2012, 64-year-old Doug plans to rip the lid off their steamy six-year gay relationship.

But the memoir – titled "Travolta Exposed" – had John's pit-bull attorney, Martin Singer, trying to gag

the author over allegedly signing a confidentiality agreement.

"The fact that plaintiff has provided information about Travolta to the media in the past does not negate his discovery rights in the case," declared Judge Donna Geck.

Added the source: "Anything introduced into evidence at trial becomes fair game – something John is not going to like!"

**OFFICIAL COURT PAPERS**

leged to be valid by Defenfants. The termination agreement followed a period of

years in which Gotterba worked for Travolta as a pilot. In addition, Gotterba and

Travolta were involved in a romantic relationship during that time period. (Exhibit 4 to Declaration of

Stephen K. Dunkle in Support of Plaintiff's Opposition to Defendant's Motion for a Protective Order to

Prevent Deposition of John Travolta and Request for Sanctions.)

Suri with her mother, Katie Holmes, 36

Hubbard, said Jon.

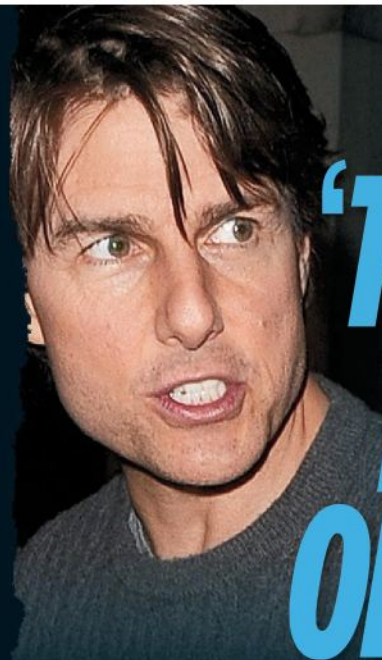

"A child can be a PTS or even an SP, because Hubbard said you are born as a reincarnated spirit – a mature adult in an infant's body," said Jon.

"But a PTS can be reformed by discipline and training, and become a good Scientologist.

"Now the word on the street is Tom is demanding Suri attend a school that uses Hubbard's 'study technology,'" Jon added.

Doug [inset with John] and the actor carried on a sizzling six-year affair; John went on to marry actress Kelly Preston

## Feud heats up as Tom launches scathing attack on John

**I**T'S one of the worst movies ever made – and secret Scientology tapes reveal how the sci-fi turkey "Battlefield Earth" brought on a cosmic war between the church's biggest stars!

In fact, John Travolta's disastrous action flick – based on the novel by Scientology founder L. Ron Hubbard – has been responsible for a bitter 15-year feud between the "Pulp Fiction" star and Tom Cruise, The National ENQUIRER has learned.

Marty Rathbun – the one-time former No. 2 of the religion, who personally audited Tom in top-secret confessionals – has revealed how Tom was used to shame John as "Battlefield Earth" became a joke in Hollywood! He also told how Tom called John "a son of a b-----."

Marty said the devious Scientology plot began right after "Battlefield Earth" opened in May 2000 to universally bad reviews – and Tom came to the Scientology headquarters in Clearwater, Fla., with Marty and church leader David Miscavige pick-

ing him up at the airport.

"Tom Cruise gets in the car and says: 'Hey Dave, what's with 'Battlefield Earth,' man? Jesus, it's the worst PR in the world,'" Marty recalled.

"DM turns to him and says: 'Man, I swear to God ... it's just 'Out Ethics.' If I had anything to do with that thing, it wouldn't have gone anywhere."

Marty recalled: "He and Tom just sat there, nattering away full-tilt, and saying what a criminal, Out-of-Ethics son of a b----- John Travolta was."

Referring to John's "Out Ethics" was a particularly serious charge, since it's Scientology jargon for using freedom of choice to make decisions outside the church.

But the truth was that "Battlefield Earth" bombed because John allowed David to approve every sequence of the movie!

"He's literally seeing daily rushes from 'Battlefield Earth,' the shots for the day ... he pulls out his dictaphone and is dictating his commentary on every shot," said Marty.

But the Scientology leader panicked when critics blasted the project as one of the worst films of all time.

That's when David placed the blame squarely on John, and proceeded to pull Tom into the feud.

Marty's revelations came to light just as the powerful HBO documentary, "Going Clear," has helped expose how Scientology manipulates its celebrity followers.

The film referred back to The ENQUIRER's own exclusive reports on the church's scandalous "auditing sessions" – including how John, who married fellow Scientologist Kelly Preston in 1991, is controlled by a "black-mail file" of confessions he's made to the church about his secret gay sex life!

That could explain why John has stayed with the church even after learning about Tom's treacherous attitude toward "Battlefield Earth." **NE**

# TOM & WIFE RITA IN \$400 MILLION WAR!

## Hanks driven to despair as he forces violent druggie son into rehab AGAIN

**T**OM Hanks and Rita Wilson are headed for divorce, friends fear – as substance abuse issues tear their family apart!

The National ENQUIRER has learned the pair – married since 1988 – are battling over their booze and drug-addicted son Chester, 24, who recently erupted in a violent nightclub brawl. They are also spiraling toward a battle over their \$400 million fortune.

"Tom and Rita are at wit's end over Chester. He's destroying their family," a source told The ENQUIRER.

"Tom wants to enforce a 'tough love' policy, and throw him out of the house. But Rita can't help but 'mother' him, and Tom feels that's no good."

**THE SUPERSTAR COUPLE** – both 58 and wed 27 years – reportedly split for a month last summer, with sources claiming Rita was fed up with nice guy Tom's "cold, controlling behavior" behind closed doors.

"Tom has always been overbearing in his idea that he's 'king of the household' – and I think Rita has just about had enough," an insider said at the time.

"They've had heated yelling matches where Tom tries to put his foot down, and Rita will give it right back to him. She thinks his behavior has become incorrigible!"

Months later, the embattled couple's biggest problem remains Chester –

who goes by the rapper name "Chet Haze." Last November, he claimed he was 50 days clean and sober after struggling with substance abuse, including cocaine and alcohol.

But on March 6, he exploded at The Vault nightclub in L.A., The ENQUIRER has learned.

According to an eyewitness: "Chet

smashed one bouncer in the face with his head, kicked another one in the chest with his boots and elbowed another in the skull."

In yet another sign of his instability, Chester unloaded on Twitter with a series of obscenity-laced rants.

He also threatened radio shock jock Howard Stern, who'd mocked his privileged upbringing, writing: "I am going to see you in person, and I am going to hurt you. Do you have any idea how badly I'm going to assault you when I see you?"

**IN THE WAKE** of those rants, Rita took emergency "medical" leave from the Broadway comedy play, "Fish in the Dark."

A source told The ENQUIRER: "There's fear Chester has fallen off the wagon, and Rita and Tom are forcing him into rehab."

The Hollywood megastars - also parents to son Truman, 19 - have no prenup to divide their fortune.

But with her own singing and acting career, Rita will be sitting pretty if they divorce, insiders suggested.

Said the source: "I think Rita's finally had it with Tom acting like the overlord. I wouldn't be surprised if the unthinkable happens, and she calls it quits."

# THE DEMON DENTIST!

Pro wrestler ties string to his car and son's painful tooth ... then drives off to pull it out!

James was left smiling, if a bit bloody by the experience

**W**HAT would the Tooth Fairy say?

When eight-year-old James Abercrombie's front tooth got loose, his dad – a pro wrestler known as “Rob Venomous” – tackled the problem his own way.

Rob tied a piece of string to James' tooth, and then tied the other end to the back bumper of his souped-up muscle car.

Meanwhile, young James calmly waited as his old man gunned the engine of his cherry-red Chevy Camaro.

If James wasn't thinking it, we were: “What's up, Doc?”

Unaccredited dentist Rob said: “My son asked me to do it

for days. I don't think it's dangerous. We planned it ahead of time.”

Er ... Okay.

With a video camera running, James gave his dad the thumbs-up, and Rob defied the laws of dentistry by putting the pedal to the metal.

The Camaro roared off, barely jerking James' head, and taking his once-wobbly tooth with it.

“It came out!” screamed a jubilant James in a video that's now gone viral, and racked up three million YouTube

views worldwide in less than a week!

But Dr. Venomous' dentistry techniques were not universally hailed in the aftermath of the high-octane surgery.

New York's Dr. Deborah Glassman said: “It's absolutely not the right thing to do ... You're going to yank

the bone the wrong way and cause a lot of damage.”

But father and son seem to have survived the experience with minimal damage.

James showed off his slightly bloody, and less toothy smile in the video, while Dad said his only real concern during the operation was that he “didn't wanna spin rocks in his face!”

Overall, Rob claimed the reaction to the historic tooth extraction has been positive.

“I was skeptical of how people would react, but it got a pretty good response,” he said.

We're still wrestling with this one. **NE**

# BOSTON BOMBER TO BE 'OFFED' IN JAIL!

## Inmates already lining up to kill him

**W**HILE evil Boston bomber Dzhokhar Tsarnaev faces possible execution, The National ENQUIRER has exclusively learned prison inmates have already targeted him for death!

The 21-year-old terrorist has been convicted of the 2013 Boston Marathon bombings, which killed three and injured 260, including 17 who lost limbs in the explosions.

"Regardless of whether he's sent to die by lethal injection or is sentenced to life in prison without parole, he's a goner!" a law enforcement source told The ENQUIRER. "The

cowardly kid already has a price on his head. There are plenty of prisoners who'd consider it a badge of honor to take him out - doesn't matter if he's in solitary confinement or not."

A second source said: "Expect him to die at an inmate's hands. There's already buzz that they want to take him out in the shower - gut him with a shiv or break his neck! He could also be killed by spiking his food with rat poison."

Over the years, other infamous killers have been "offed" in prison, including "Boston Strangler" Albert DeSalvo and

"cannibal killer" Jeffrey Dahmer.

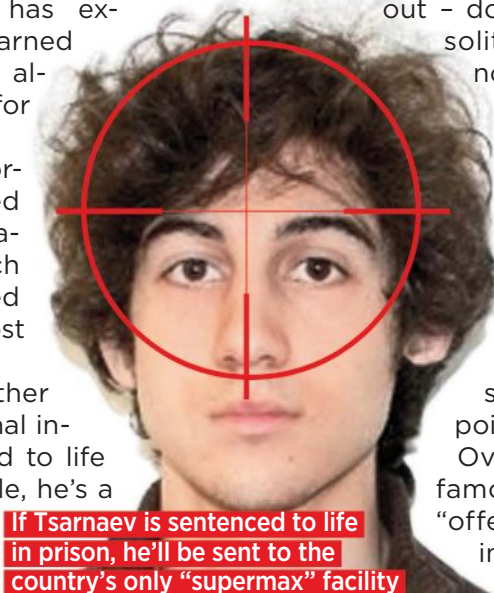

Court watchers said Tsarnaev showed no emotion on April 8, when he was pronounced guilty on all 30 counts, including conspiracy and deadly use of a weapon of mass destruction. Seventeen of those counts are punishable by death.

In a tirade sent to a website, his mother, Zubeidat, bashed Americans and promised that the U.S. "will pay" for convicting her "innocent" son and killing his older brother, Tamerlan.

According to a new book titled "The Brothers: The Road to an American Tragedy," Tamerlan was once recruited by the FBI as an informant. Author Masha Gessen claimed that before the bombings, Tamerlan went rogue and was involved in the drug-related murders of three friends.

After the bombings, she added, the FBI delayed telling Boston authorities about Tamerlan because the agency wanted to find him first and kill him.

Waugh, 51, has been moved to the Warm Springs Correctional Center in Carson City, Nev. That's 120 miles from Lovelock Correctional Center, where the convicted sex offender recently slammed O.J. up against a wall.

As previously reported by The National ENQUIRER, the 6-foot, 250-pound tat-

That's when Waugh began beating him, reportedly shouting: "I am going to make it my mission to kill your n---r ass!"

Said a prison source: "it doesn't look like Blu is going to be coming back to Lovelock, and O.J. is more than okay with that. He never wants to see Blu again!" **NE**

# HILLARY'S LESBIAN LOVERS NAMED IN SECRET EMAILS!

Now she's freaking out over their identities being made public

**ENQUIRER  
EXCLUSIVE**

**H**ILLARY Clinton isn't just caught in a political scandal over her missing emails from her stint as secretary of state – she's also terrified of personal revelations about a secret lesbian lifestyle!

Now a world-exclusive investigation by The National ENQUIRER reveals that some of the presidential candidate's famously “deleted” emails are packed full of lesbian references and her lovers' names.

“I don't think she's so concerned about emails referring to her as secretly gay,” said a Clinton insider. “That's been out for years – her real fear is that the names of some of her lovers would be made public!”

The ENQUIRER learned the list of Hillary's lesbian lovers includes a beauty in her early 30s who has often traveled with Hillary; a popular TV and

movie star; the daughter of a top government official; and a stunning model who got a career boost after allegedly sleeping with Hillary.

Hillary made the huge mistake of mixing public and private messages while using her personalized email server – before risking a massive scandal by refusing to make the documents public.

“That's clearly why she went to the extraordinary step of deleting everything,” the high-ranking source told The ENQUIRER.

Hillary is particularly concerned about intimate emails to longtime aide Huma Abedin – who married U.S. Representative Anthony Weiner in a ceremony that many ridiculed as a political arrangement.

Anthony later resigned over extramarital sexting scandals, after porn star Sydney Leath-

ers said that she believed he was in an open marriage.

“I think a lot of the time when we were speaking, Huma was probably with Hillary,” she charged, at the time.

One exchange between the women had Hillary mistakenly responding to political correspondence with an email that seemed to be about decorating.

Added the insider: “That makes you wonder if any sensitive information was sent to her romantic partners!”

The scandal unraveled in March, when Hillary revealed she deleted over 30,000 emails, insisting the messages were just “things you typically find in inboxes.”

Hillary is particularly concerned over emails with longtime aide Huma Abedin, above

## John Edwards caught up in murder scandal

**A** CRAZED killer has been given a life sentence for brutally murdering a young woman – a bizarre case that continues the troubled legacy of disgraced politico John Edwards!

Jamie Kirk Hahn was only 29 years old when she was repeatedly stabbed on April 22, 2013, in her Raleigh, N.C., home – and the murderer was the best man at her wedding!

Jon Broyhill, 33, didn't just stab Jamie. He also tried to kill her husband, Nation Hahn – who had met his wife while they both worked as fundraisers on John's presidential campaign in 2008.

That was before The National ENQUIRER revealed John's double life, with the charismatic creep cheating on his cancer-stricken wife while out campaigning!

Despite his betrayal of his former campaign workers, John attended Jamie's funeral – with authorities revealing Broyhill attacked her after she caught him embezzling \$45,000 in campaign funds from ex-Congressman Brad Miller.

# Off-the-hook Andy gets a lashing from the Queen!

**H**E WAS spared a humiliating court trial – but Britain's Prince Andrew still had to face the wrath of his mom, the Queen, over dragging the royals into a pedophile sex scandal!

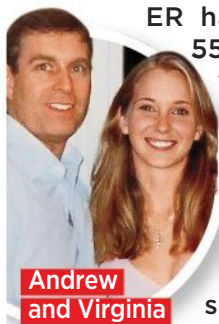

A Florida judge earlier this month threw out a woman's lawsuit that claimed she was forced to have kinky sex with Andrew, a sensational disclosure that prompted a crisis of royal proportions at Buckingham Palace.

Now, The National ENQUIRER has learned, the 55-year-old “per-  
vy” prince is on strict orders to behave, or be banished from the family!

“The judge’s ruling is a massive relief to the Queen,” a palace insider dished.

“Andrew is her favorite son, and she was devastated by the underage sex allegations.”

As The ENQUIRER first reported, Virginia Roberts, now 31, alleged the prince had sex with her while she was a 17-year-old sex slave to the prince’s perverted billionaire pal Jeffrey Epstein – who was convicted in 2008 of soliciting a 14-year-old girl for prostitution.

## SMOOTH SKIN! WRINKLE-FREE! NO SAGGY BITS!

### She adds *face and neck lift* to her list of plastic surgeries

**E**LLEN DeGeneres is one of the famous faces of the CoverGirl beauty brand – but she secretly really relies on old-fashioned plastic surgery!

Portia de Rossi’s talk show wife has had more work done to her face and neck, multiple sources told The National ENQUIRER.

Studio insiders scored photos of the 57-year-old TV star sporting new scars on her neck while shooting her show – and top doctors agree that she’s had more work!

“The noticeable scars on her neck are most likely a result of a facelift and/or neck lift,” renowned New York City plastic surgeon Dr. Ramtin Kassir told The ENQUIRER.

“Scars are often a telltale sign of plastic surgery, and her neck and jawline appear rejuvenated and defined. At her age, she doesn’t have sagging skin, and her skin appears smooth and wrinkle-free – a sign of surgical and nonsurgical procedures to

tighten loose skin and restore volume loss.”

Chicago-based facial surgeon Dr. Steven Dayan agreed: “It appears that she probably had a face and neck

turn her into a plastic surgery junkie!

A production insider claimed Ellen has been Botoxed, peeled and lifted so much it’s become a challenge for her makeup team to conceal the scarring.

The source revealed: “It usually takes them about two-and-a-half hours to give Ellen that peaches-and-cream glow that her fans love.”

Dr. Stuart Fischer, a New Jersey-based surgeon, ruled out other procedures as causes for the scars.

“It’s almost impossible to be a cancer,” he said.

“Thyroid cancer would be in the front, and a lymph node cancer would be under the ear. The incision would be much smaller for either. Only plastic surgery requires such a lengthy incision.”

Of course, Ellen wants to convince fans she’s anti-glamour.

Said a source: “She pretends not to care, but she’s a sucker for new procedures.” **NE**

lift. Her jawline is clean and sharp – the neck muscles conjoin in the center of the neck, which is commonly seen when they are tied together.

“They’re usually tied through an incision that is located under the chin and that can leave a scar, but it usually hides very well.

“Looks like she went to a good surgeon!”

As The ENQUIRER exposed last November, the comedian has let an obsession over her facial features

# THE GREAT \$224 MILLION BOUNTY HUNT!

**ENQUIRER** readers can  
earn **SERIOUS MONEY** by  
helping to catch the baddies

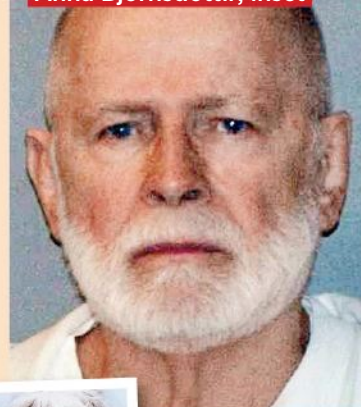

**F**ORGET the lottery! You can pocket big bucks by providing information leading to the location of America's most notorious criminals, terrorists and missing persons!

The government has earmarked more than \$224 million for such informants, and ordinary folks have collected fat checks for tipping off authorities.

For example, former Miss Iceland-turned-yoga teacher

James "Whitey" Bulger;  
Anna Bjornsdottir, inset

Anna Bjornsdottir got \$2 million from the FBI for information that led to the arrest of her one-time neighbor, notorious crime boss James "Whitey" Bulger.

To collect the cash, you only need to provide information that helps the feds take down the big baddies.

The biggest is demented Dr. Ayman al-Zawahiri, who climbed to the top of al Qaeda's evil empire after SEAL Team Six took out Osama bin Laden. The price tag on his head is a whopping \$25 million!

Here are eight other sinister snakes - with bounties totalling \$13.4 million on their heads!

**REWARD:  
\$100,000**

## ROBERT WILLIAM FISHER MURDERER AND ARSONIST

This Navy veteran, 54, is wanted for allegedly killing his wife, Mary, and their children, Brittney, 13, and Bobby Jr., 10, and then blowing up their Scottsdale, Ariz., home in 2001. Fisher reportedly confessed to a one-night stand with a

Trooper Werner Foerster

prostitute and was facing a brutal divorce. Instead, he shot Mary once in the head and slashed his children's throats. The house exploded the next morning, and he disappeared. Fisher was last known to have been in the Tonto National Forest, north of Scottsdale. Feds believe he may be in New Mexico or Florida with a large arsenal of weapons.

## JOANNE CHESIMARD TERRORIST

The first woman named to the FBI's Most Wanted Terrorist List is a 67-year-old relic of the revolutionary 1970s. A ringleader in the ultra-radical Black Liberation Army, Chesimard was convicted of murder for the cold-blooded shooting of a New Jersey state trooper in 1973. She escaped from prison in 1979 and went on the run. In 1984, she surfaced in Cuba where Fidel Castro granted her asylum! Now known as Assata Shakur – and for being late rapper Tupac's aunt – she's suddenly very vulnerable in a newly open Cuba.

## ROBERT A. LEVINSON MISSING PERSON SINCE MARCH 2007

This former fed took early retirement, became a private eye and freelance CIA spy, and went missing on his 59th birthday while investigating smugglers near Iran. In 2010, his family received a video appeal to the government on behalf of "the group that has held me." However, a law enforcement insider said: "No one has admitted to keeping Bob, and there have been no demands in return for his release." Could he have "staged" his disappearance and be hiding in your backyard?

**REWARD:  
\$5 MILLION**

## JABER A. ELBANEH AMERICAN TERRORIST

An upstate New York factory worker and father of seven, Elbaneh, 48, has been hunted since 2003 for providing "material support" to al Qaeda before the September 11, 2001, attacks. He's also accused of traveling to Afghanistan in 2001 with "The Lackawanna Six" – a traitorous gang from his Arab neighborhood in suburban Buffalo. The six were arrested and pleaded guilty to terrorism charges, but Elbaneh fled to Yemen. He was arrested there, but busted out of prison in February 2006. The CIA believes he may have returned to America to reconnect with his network.

## JASON DEREK BROWN ARMED ROBBER AND MURDERER

After serving as a Mormon missionary in France, Brown, 45, ran up huge debts as a sporting goods importer in Salt Lake City. He enrolled in a series of firearms classes, and then allegedly shot and killed an armored car guard. He fled the scene – by bicycle – with \$56,000 in cash. The FBI said he may be in hiding in a Mormon community: “Brown enjoys being the center of attention and has been known to frequent nightclubs, where he enjoys showing off his high-priced vehicles, boats and other toys.” Feds suggested looking for him in Utah, California and Arizona, but warned: “He may have a Glock 9mm and a .45-caliber handgun.”

**REWARD:  
\$200,000**

Authorities believe Brown may be flashing his ill-gotten cash in the western U.S.

**REWARD:  
\$50,000**

## ARTEM SEMENOV CONMAN

The Russian-born immigrant – who variously claimed to be 35 and 29 – is the FBI’s most-wanted cyber criminal. The agency exclusively told The ENQUIRER that while Semenov is not violent, he is clever. He allegedly recruited a ring of Eastern European students in a computer banking scheme that netted at least \$3 million. Semenov was busted in Dec. 2009, but freed on bail – and promptly disappeared. The FBI said he’s likely in Las Vegas because he likes “casinos and playing poker.”

**REWARD:  
\$1 MILLION**

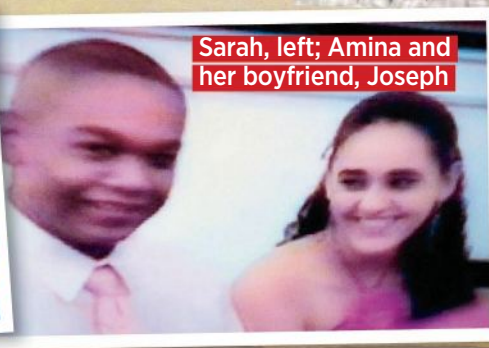

## VICTOR GERENA BANK ROBBER

He dropped his fiancée off at a marriage license office in Hartford, Conn., in Sept. 1983. Then he drove to work at a nearby Wells Fargo armored car depot, where he tied up two co-workers and loaded \$7 million in cash into his car. Authorities said the caper was masterminded by a Puerto Rican independence group that allegedly used the money for a missile to launch at FBI headquarters in San Juan! Several of Gerena’s co-conspirators were arrested, but he remains at large and may be hiding in the U.S. or Cuba.

## YASER ABDEL SAID MURDERER

This Egyptian-born taxi driver, 57, married a 15-year-old American girl to get a green card. Enraged that his daughters Amina, 18, and Sarah, 17, had American boyfriends, Said shot the girls, investigators claim. The FBI believes he is being sheltered in an Egyptian-American community and may still be driving a cab! He is presumed armed and dangerous.

**REWARD:  
\$100,000**

Sarah, left; Amina and her boyfriend, Joseph

## America's biggest idol

If I were Kelly Clarkson, I'd have a personal trainer on speed dial ["Kelly Collapse Fears," March 16]! I know she has a lot on her plate, but men want a partner who is in shape - I don't care what they say otherwise. Maybe her hubby could baby-sit while Kelly goes to the gym.

## Kate's house of horrors

If there's one thing that angers me, it's grown-ups bullying children ["Kate Gosselin: 'Serial Abuser,'" April 6]. Yes, kids need discipline but there's a right and wrong way. I hope Dad does something before there's a tragedy.

-S.K.  
Wampum, Pa.

Everyone needs to leave

Kate alone. Raising kids is definitely a hard job. I raised 3, and she's got 8. Did

I have a spoon, lock my kid in his room and discipline them if they didn't eat ... HECK yeah! She's doing a great job, considering her circumstances.

## O.J.'s partner in crime

RE: "O.J. Had an Accomplice" [March 30]: When details on the Nicole Brown Simpson and Ron Goldman murders were released, my first thought was, "Even if O.J. was revved up on

cocaine, he *still* needed help to commit such savage attacks." Was O.J. ever even asked if he acted alone?

## Soules looking to score

Poor Whitney! Chris Soules has laced up his dancing shoes looking to extend his 15 minutes of fame ["'Bachelor' Goes to Hollywood," March 30]. While Whitney is ready to settle down, he has other plans. Who knows ... maybe he'll convince her that he is just practicing for their first dance!

## Bring back Brooke!

Tom Bergeron is spot on when it comes to Erin Andrews on

"Dancing with the Stars" [All The Buzz, April 6]. I said from the beginning that her voice is just awful for the job she holds. It seems as if she is interviewing football players, not dancers. I loved Brooke Burke-Charvet when

she was on. Hopefully this is the last we will see of Erin!

## Trouble in paradise

Blake Shelton joked about "drinking his face off" as he partied without his wife ["Hollywood's Dirtiest Divorces," March 16]. If that were true, it might spare him from seeing Miranda with a new SOBER man after she kicks him to the curb!

■ **VICIOUS FIGHTS** with hubby  
are badly affecting **THE KIDS**

JESSICA Simpson's out-of-control behavior is destroying her marriage, tearing her family apart and even endangering her children!

The 34-year-old star's world has crumbled into a real-life "house of horrors" riddled with booze, drugs, gay sex, violent fights and bitter family feuds, multiple sources told The National ENQUIRER.

"Jessica's life has turned into an awful mess," an insider told The ENQUIRER. "She's wrecking everything in her path!"

The stressed-out bombshell is reportedly using a cocktail of drugs and booze to soothe her nerves - while at the same time, her nine-month marriage to ex-NFL star Eric Johnson is unraveling amid physical fights and wild mood swings, insiders revealed.

The mom of two is also feuding with her former manager dad, Joe, over his flamboyant "gay" lifestyle, and sniping at younger sister Ashlee over petty jealousies.

Disclosed one insider: "Physically, Jess is struggling and close to having a full-on breakdown!"

**"HER SUPPORT SYSTEM** is falling apart too, because she's on the outs with her parents and her sister, and constantly fighting with Eric," said a Simpson family insider.

Even Jessica's children - 2-year-old daughter, Maxwell, and 1-year-old son, Ace - are suffering, explained the source.

"The kids have been acting out, throwing tantrums and rebelling by misbehaving and talking back to Mom and Dad," the source said.

What's more, pals fear Jessica's obsession with losing weight has her heading for an overdose, as The

ENQUIRER reported.

Jessica – who dropped 70 pounds after Ace's birth in 2013 – relies on the prescription drug Adderall to keep her weight at a rail-thin 92 pounds, according to reports.

Even though sources close to Jessica insisted it's "not true" that she swashes the two substances, other insiders suggested she routinely guzzles alcohol, including her favorite hard liquor, Scotch.

Experts warn that mixing prescription pills and booze could lead to a brain hemorrhage, kidney failure, muscle breakdown and psychosis.

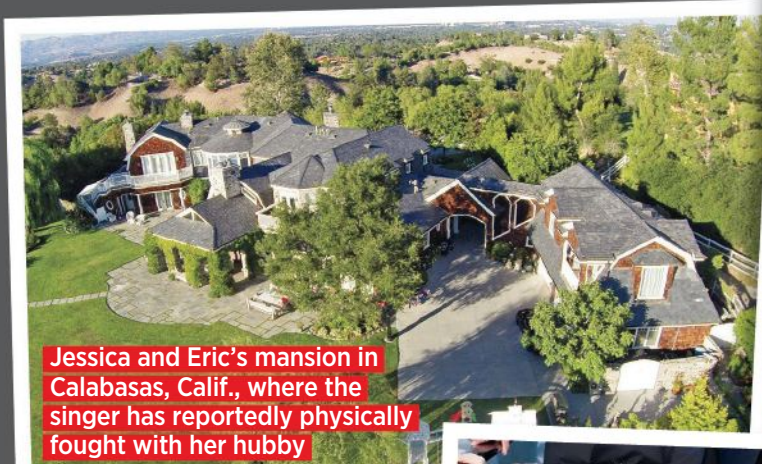

"Jess has weird fits and tantrums," the source said.

"One minute she'll be starting off into space like a zombie, and the next she'll jump up and start screaming, ranting and raving about how screwed up and dysfunctional her family is.

"I've seen Jess go from sobbing and crying, to laughing hysterically in the span of 15 minutes. Her moods are unpredictable and scary."

**SHOCKINGLY**, the biggest casualty of Jess' instability is her husband, 35-year-old Eric.

After a boozy date night on Feb. 5, he sported a cut and

Jessica and Eric's mansion in Calabasas, Calif., where the singer has reportedly physically fought with her hubby

battered nose after Jessica reportedly bashed him with her purse when she saw him flirt with another woman.

"When Jess flies off the handle, her behavior becomes downright scary," added the source.

"She's thrown plates at home, and she's pushed and hit Eric in front of the kids. She slams doors and screams when she's in the grips of a tantrum.

"She could be a danger to herself, as well as others!"

Adding to Jessica's woes, she's dealing with her father's troubling behavior: The ENQUIRER revealed exclusively in 2012 that Joe "came out" as gay, leaving his family confused and heartbroken.

**W**E maintained a superficially happy relationship and hoped that by pretending there was nothing wrong, the problems would go away."

Shortly before her tragic death, Natalie Wood wrote those haunting words in her secret diary – a chilling 118-page document kept hidden away under lock and key until The National ENQUIRER obtained it exclusively.

The pages are Natalie's final testament from beyond the

grave – a journal filled with heart-wrenching detail about the liv-

ing hell she endured at the hands of her husband, Hollywood actor Robert Wagner.

In her own dramatic words, the "West Side Story" star detailed the terrible agony Robert, now 85, inflicted on her during their 14 years of marriage. She also revealed how degraded she felt as she endured the pain and humiliation of a cruel betrayal – at the hands of her husband.

Suggesting they were "naïve" to think they could live "happily ever after" with all their woes, a tortured Natalie referenced a bombshell disclosure that she once caught Robert in bed ... with a man!

In her diary, she described

the sickening discovery as a "betrayal," adding: "I was seething underneath!"

The ENQUIRER has learned the man in bed with Robert was a member of the couple's household staff. Though he has since died, this publication has decided to withhold his name.

While the sordid scandal was hushed-up, Suzanne Finstad hinted at the incident in her 2002 book, "Natasha: The Biography of Natalie Wood."

Suzanne wrote that after Natalie found "R.J. with a man in their home," she thought, "It's my fault. What's wrong with me?"

Natalie's own writings reveal more about her loveless marriage than ever known before in the 34 years since her mysterious death off the coast of California – a case that remains an active police investigation.

**IN HER JOURNAL,** Natalie divulged: "It was more than a final straw. It was reality crushing the fragile web of romantic fantasies with sledgehammer force."

For Natalie, those romantic fantasies began decades earlier. In a previous entry, she tenderly recalled the moment she fell for Robert.

"I first met R.J. at age 10, he brushed by me in a studio hall-

### Horrific prediction of her own tragic death

**N**ATALIE Wood had an eerie premonition of her death, declaring: "I'm going to be murdered!"

A close source shared that bombshell revelation with The National ENQUIRER after the

discovery of the tragic beauty's personal diaries.

The source told The ENQUIRER that Natalie's belief she'd meet a violent end was linked to her long-standing fear of the water!

Recalling filming "Splendor in the Grass," Natalie wrote in her diary: "My old fear of water returned," adding: "For one scene, the director told me I could use a double. But I did it."

# NTING PERSONAL NOTES IN THE MONTHS BEFORE HER DEATH

# It...

She also disclosed that husband Robert Wagner may have saved her life during a boating trip. Ironically, the incident occurred off Catalina Island, where she died on Nov. 29, 1981.

Natalie wrote: "One day on Catalina, the line got caught

in the propeller and we drifted toward some rocks and the Coast Guard had to rescue us. While R.J. maneuvered the boat into the slip, I threw the line again and this time I fell into the water with it. It was January and freezing. R.J. fished me out."

way, and never looked back. But I did."

But after the shock of his gay fling, she wrote: "When we were alone we seemed less together. We were aware that we had problems but tried to avoid the real conflicts, and as R.J. and I struggled to make our marriage work, the problems continued to pile up.

"It was extremely difficult for us to really face serious flaws in the relationship when everything looked so ideal on the surface.

**"LOOKING AT IT** from the outside we must've seemed like the American dream, we were both attractive and successful so what could possibly be wrong?" she penned in another entry.

Before divorcing Robert in 1962, Natalie also wrote: "I tried for a while to escape the pain of reality."

The ENQUIRER has learned the desperate star turned to pills and booze, and jumped into a disastrous affair with Warren Beatty that led her to the brink of suicide several times.

Natalie wrote: "I felt bogged down in a self-destructive relationship, but I could not

bring myself to end the affair and the loneliness.

"I began to feel that I was the sum totaling all the parts I had played. I had no real identity. I suddenly knew that if I was going to survive I had to find out."

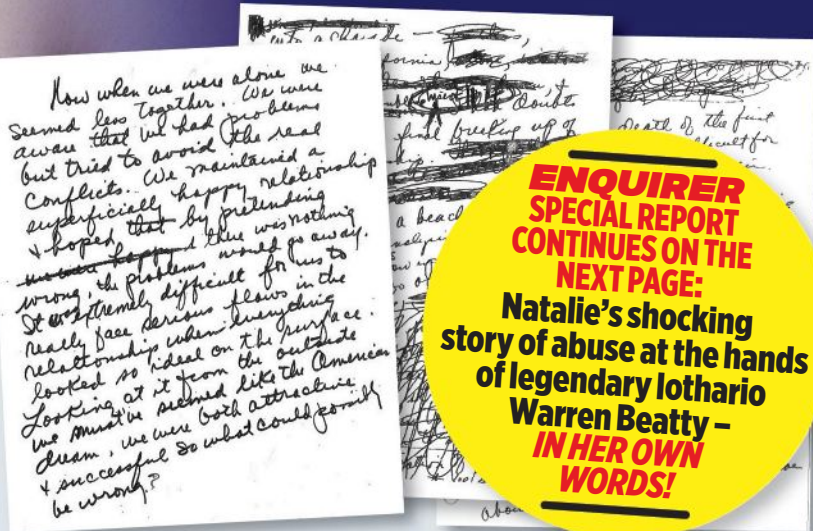

Natalie eventually reunited with Robert, and the pair remarried in 1972. But in a twist that has become the most enduring Hollywood mystery of all time, the star died under puzzling circumstances after a wild night with Robert and co-star Christopher Walken.

According to Natalie's long-suffering sister, Lana, the journals "lay bare Natalie's innermost thoughts."

She told The ENQUIRER she hopes they'll help Los Angeles County Sheriff's Department homicide detectives with their ongoing criminal investigation into her death.

In one of her final and most prophetic entries, Natalie worried she would join "the sad parade of famous movie ladies who wind up desperately lonely, with nothing more substantial to sustain them than their scrapbook and old photos and memories of romances and divorces."

I was looking for the Rock of Gibraltar. Instead I discovered Mount Vesuvius, a live volcano with eruptions each day.

# TWO YEARS OF EXPLOSIONS WITH 'MOUNT VESUVIUS' WARREN

**N**ATALIE WOOD seemed to have it all – beauty, wealth and famous lovers. But beneath the glamour was an ugly secret: She suffered through a violent affair, packed with anguish, despair and fear that drove her to attempt suicide.

In excerpts from her personal diary, painful details of the tragic Hollywood beauty's passionate romance with Warren Beatty are revealed for the first time.

"Neither Warren nor I was ready for a permanent relationship," Natalie confessed.

"Although our romance lasted approximately two years, our affair was a 'collision' – a combination three-ring circus and five-alarm fire."

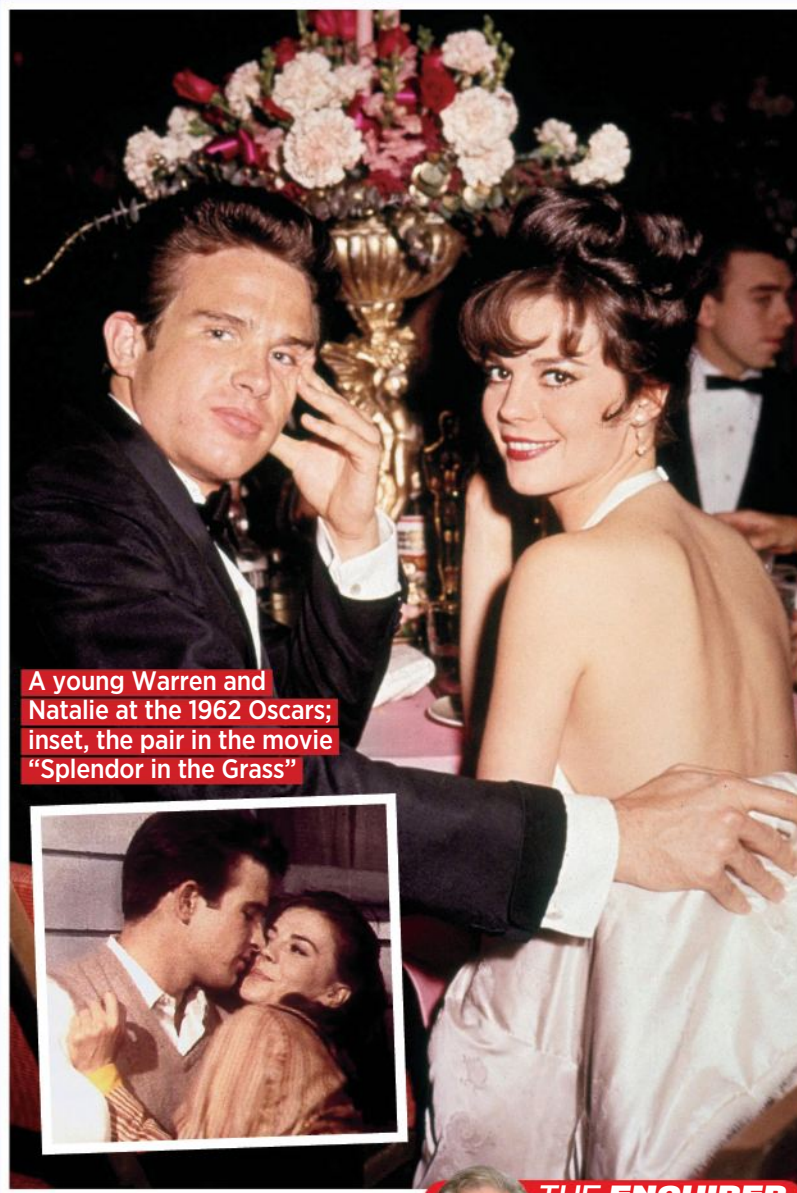

The legendary lady killer – considered to be a sex addict – met Natalie when they played young lovers in the Oscar-winning 1961 drama, "Splendor in the Grass." At the time, the first of Natalie's two marriages to actor Robert Wagner was ending.

Former child star Natalie was 23, lover boy Warren was 24 – and their hookup was a recipe for disaster!

Divulged Natalie: "Both of us were not only immature but moody. I had gone from one extreme to the other. R.J. never did express hostility [and] Warren couldn't stop."

"After my divorce," she added, "I was looking for the Rock of Gibraltar. Instead I discovered Mount Vesuvius, a live volcano with eruptions each day. And I contributed my share of fireworks, too!"

Meanwhile, Natalie wrote that she was "devastated" by the end of her marriage,

A young Warren and Natalie at the 1962 Oscars; inset, the pair in the movie "Splendor in the Grass"

NATALIE Wood's chilling premonitions of death, along with her fears over her angry husband, force The National ENQUIRER to again challenge Robert Wagner to take a lie detector test and prove once and for all he had nothing to do with the mysterious drowning of his wife. We will work with his representatives to set up a polygraph – administered by an authorized and independent professional – that will provide the ultimate platform to squash doubts about his role in her death. If Wagner agrees now, it could speak volumes about his claims of innocence. Otherwise, we will continue to clamor for his account!

and the two spent "hours ruminating and analyzing each other's problems."

The tumultuous affair eventually pushed Natalie to the brink of suicide, according to an unauthorized 2002 Beatty biography titled, "The Sexiest Man Alive."

As The ENQUIRER has reported, author Ellis Amburn revealed that Warren humiliated Natalie by leaving her at the famed Hollywood restaurant Chasen's to run off "with a bosomy checkroom girl ... for what turned out to be a three-day orgy."

Ellis also claimed Natalie and Warren had barely reconciled when the horndog actor "cornered her sister Lana in a hotel and tried to seduce her – even though she was just 16."

The incident sparked a bitter argument, and without Warren present, Natalie "tried to commit suicide by overdosing on barbiturates," according to Ellis. A friend rushed Natalie to a hospital, where her stomach was pumped.

Added Natalie in her diary: "Finally I felt I had the strength to say farewell to Warren." **NE**

**H**OLLYWOOD super-star Michael Douglas is struggling through his sad last days, sources have told The National ENQUIRER.

At 70, the Oscar-winning "Wall Street" actor has fallen into a deep depression over his failing marriage, jailed son and dying dad.

In telltale photos obtained by The ENQUIRER, Michael appeared pale and at least 30 pounds lighter. A witness who spotted the star and wife Catherine Zeta-Jones on vacation in Honduras on March 20 said he "looked like a shell of his former self - he was white as a ghost. He looked sickly!"

A family friend from Bedford, N.Y., where the couple owns a country home, told The ENQUIRER: "Michael's become gaunt and frail, and his once distinguished salt-and-pepper

The veteran star underwent aggressive chemotherapy and radiation treatment, which caused him to lose 32 pounds.

Adding to their problems is 45-year-old Catherine's bipolar II disorder, which led the Welsh-born beauty to seek treatment services at a psychiatric hospital.

Said the source: "There are good days and bad days – and when it gets the better of her, she flies off on one of her uncontrollable rages. Michael is an easy target."

**MEANWHILE**, the imprisonment of drug-dealer son Cameron, with first wife Diandra Luker, also has Michael down in the dumps.

Cameron, 36, had been in solitary confinement at Maryland's Federal Correctional Institution, Cumberland for nearly two years following a drug relapse in jail. He is scheduled for release in 2017.

"It's simply devastated Mi-

chael. He thinks about Cam every day ... and fears he won't make it out alive from prison," said the source.

Michael is also grappling with the inevitable demise of his 98-year-old dad, movie legend Kirk Douglas.

"Kirk's been the rock that's always held the Douglas family together," added the family pal. "Without him around any longer to be the guiding light, Michael could very well lose his bearings." **NE**

# Miranda **DITCHES DIETING!**

Hubby Blake in a huff as she packs on **10 lbs**

**A**FTER shedding 35 pounds last year in a desperate bid to save her relationship with Blake Shelton, Miranda Lambert is bulking up again – and pals fear her expanding waistline could weigh down their marriage!

“Miranda has thrown in the towel on dieting, and that has Blake feeling like she’s just letting herself go,” a source close to the couple said.

“He wants her slim and fit – not pudgy and porking out!”

The 5-foot-4 country cutie had whittled herself down to a sexy 105 pounds last year.

But Miranda hasn’t been able to avoid temptation while on the road, and insiders said the combination of “marital stress, boredom and loneliness” on tour has led her back to self-destructive eating habits.

The 31-year-old “Kerosene” singer recently confessed she’s

gone on “blow out” food benders while on tour.

“Miranda has been gorging on biscuits and gravy, fried chicken, pork-fried potato chips and beer and margaritas,” said one insider. “She’s also ditched her strict exercise regime because of her grueling schedule.”

The results have horrified her hubby, and left Miranda bingeing more and more each day.

“She’s gained about 10 pounds back, and Blake is worried Miranda’s weight is going to explode again,” divulged a close source.

“Now he’s needling her about staying in shape, and she lashes back at him for being superficial,” added the source – who suggested the issue could spell doom for the marriage!

“Last year they battled about Blake’s drinking, and now this,” the source said. “It’s like food is taking his place in her life.” **NE**

“They’ve approached Rita to step in as a vocal coach,” an insider revealed to The National ENQUIRER. “This isn’t the first time Rita has replaced a ‘Voice’ judge. On the UK version, Rita replaced Kylie Minogue, and she’s been great!”

Producers think Rita, left, who dated Rob Kardashian, is the perfect replacement for Christina!

“Voice” star takes off every other season to spend time with her family. “Gwen Stefani stepped in last time, but she hasn’t signed her contract to return,” said the source.

That provides a big break for Rita, 24, who became famous in England while auditioning for a singing show in 2009.

Ever since, the songbird has

worked hard to become a star in America. She’s appeared in “Fast & Furious 6” and “Fifty Shades of Grey” – and even hooked up with Rob of the Kardashian clan!

## O'No! Sicko Ryan talks about sex with his daughter!

IMAGINE Ryan O'Neal starring in a "Love Story" with his OWN DAUGHTER!

That's the sick spin the 74-year-old actor put on his relationship with daughter Tatum O'Neal – and The National ENQUIRER has the creepy details.

Ryan was a guest on the Irish gabfest "The Late Late Show," when the host brought up the star's long romance with late actress Farrah Fawcett.

Referring to Farrah, Ryan said: "I haven't been with anyone since. How do you follow that girl? Well, I could be with Tatum, I guess, but it's a little late in the game."

The actor then cracked a crass joke imagining Tatum's honeymoon night with her ex-husband, tennis champ John McEnroe.

He went on to blast his Oscar-winning daughter as "the devil" for making him choose between her and Farrah.

Shockingly, it wasn't even the first time Ryan's dreamed of romancing his daughter. That happened at Farrah's funeral!

As the "Bones" actor recalled: "I had just put the casket in the hearse, and I was watching it drive away when a beautiful blonde woman comes up and embraces me.

"I said to her, 'You have a drink on you? You have a car?' She said, 'Daddy, it's me – Tatum!'"

This leads many to seek out each and every year for their beauty and collectability. The new 2015 design is actually a 'throwback' to designs from the early 1980s which did not show the weight or fineness directly on the coin's surface. No matter what future Panda designs look like, the 2015 coin is likely to be a key date "must-have" from this popular series!

### The China Silver Rush is ON!

Millions of China's prosperous new middle class buyers have flooded into the market over the past decade. They are snatching up silver coins from all around the world—but their own Silver Pandas are by far the most popular. Last year's Silver Panda coins completely sold out at the mint by October, so there is huge pent up demand for these brand new 2015 Silver Pandas!

# Kennedy curse strikes **as Joan takes turn for the worse**

**Ted's ex attends events**  
**looking barely alive!**

The duo in 1979; they were married 25 years

Joan at the Kennedy Institute opening in Boston on March 30

**A** GLORIOUS day for the Kennedy family turned troubling when Joan Kennedy arrived at the March 30 opening of the Edward M. Kennedy Institute – ravaged by a life spent in the throes of alcoholism!

Shocking photos obtained by The National ENQUIRER show the reclusive 78-year-old ex-wife of late Senator Ted Kennedy looking sad and confused, with the former socialite's beauty distorted by plastic surgery!

"Joan hadn't been seen in ages, and her appearance was heartbreaking," an eyewitness told The ENQUIRER. "She looked like she's had a debilitating stroke. Her mouth hung open, and her eyes were glazed over."

Joan – who divorced Ted in 1983 – was supported through the day by the same children who once had her declared mentally incompetent!

"She was helped out of her wheelchair at one point, but

was quite unsteady on her feet," a source said.

"Had her sons, Teddy Jr. and Patrick, not come to her aid, she would have toppled over!"

Teddy and Patrick filed a court case in 2004 over Joan's alcoholism, and hired caretakers to keep their mother from drinking.

The next year, however, Joan was found sprawled on a Boston sidewalk – and her kids learned she was drink-

ing bottles of vanilla extract to hide the smell of booze.

Joan was also secretly guzzling mouthwash for the alcohol – and had damaged her kidneys enough to be on the verge of needing dialysis!

The ENQUIRER later reported that Joan was caught getting drunk on Listerine mouthwash in the bathroom of a health club in 2007 – and revealed she once again fell off the wagon the same day that Ted passed away, on Aug. 25, 2009. **NE**

## CRUEL SNUB TO CHAPPAQUIDDICK VICTIM MARY JO

**T**ED Kennedy's family has delivered a "final insult" to the memory of his drowning victim, Mary Jo Kopechne.

The National ENQUIRER has learned the newly opened museum dedicated to the late senator, the Edward M. Kennedy Institute in Boston, totally ignores Mary Jo.

She was the 28-year-old campaign worker who died after Ted

lost control of his car in the Chappaquiddick incident in 1969.

Ted had attended a boozy private party, and left with Mary Jo. Instead of heading to the ferry slip, the womanizing politico drove his car into a pond.

Ted was vilified for not reporting the accident for more than 10 hours, leaving Mary Jo to die inside the car.

Boston radio talk show host Howie Carr told The ENQUIRER: "It's outrageous that there's no mention of Mary Jo at this new institute, especially when \$41 million of public money was used to build it!"

# Ashton's 3-IN-A-TUB SEX ROMP comes back to haunt him!

*Wife Mila & ex Demi caught up in nasty Hollywood feud*

**A** BAD case of showbiz revolving bedrooms has just blown up all over again, with a Hollywood feud erupting between Ashton Kutcher and Scott Eastwood!

The actor son of Clint Eastwood created a real L.A. earthquake after going on live television to blast Ashton for cheating on then-wife Demi Moore with Scott's old girlfriend, sources told *The National ENQUIRER*.

And now Ashton, 37, is in hot water with both Demi and new wife Mila Kunis!

The source said: "Scott's revelations opened a Pandora's Box, and it's going to do a lot of damage to everyone concerned!"

The controversy began on April 9, with Scott's appearance on Andy Cohen's

Bravo talk show "Watch What Happens Live." Andy asked fellow guest Jon Cryer whether Ashton ever cared that his "Two and a Half Men" co-star had dated Demi back in the '80s.

Scott took that opportunity to dish some dirt, telling Jon: "If it makes you feel any better, [Ashton] did sleep with one of my ex-girlfriends – but she was my current girlfriend at the time!"

The 29-year-old star was referring to Sara Leal, who – along with her friend Marta Borzuchowski – hooked up with Ashton in 2011.

As exposed in *The ENQUIRER*, the blonde beauty, then 23 years old, joined Marta in a hot tub with Ashton at the Hard Rock Hotel in San Diego, Calif.!

Demi was 48 years old at the time – and a source told *The ENQUIRER* she'd "collapsed in tears" after learning her younger husband had ended up with Sara in the bedroom of his \$3,500-a-night suite!

Even worse, the hot time in the hot tub happened just a day before Ashton and Demi's sixth wedding anniversary!

The celeb couple was divorced by 2013 – but now Ashton's dalliance has returned just as he's starting a new life with Mila, 31, and their baby, Wyatt Isabelle!

"Mila's in a fury now because she's left wondering whether Ashton could do to her what he did to Demi," the insider said.

Scott's also given Sara – who currently works as a yoga instructor in La Jolla, Calif. – a new opportunity to speak out about Ashton.

Added the source: "Ashton thought this cheating scandal was all in the past. He's going to want to kick Scott's butt for opening this up again!" **NE**

## Baby bling!

**K**ATE Middleton is adding to her family – and the family jewels!

The National ENQUIRER has exclusively learned that the Queen-in-waiting will be presented with a set of royal jewels by Prince William after the birth of their second child.

The extravagant “push present,” revealed by a palace insider, is a vintage ruby necklace that 33-year-old Kate fell for on a trip to New York – and has the blessings of American music royalty.

The Duchess, who is due any day, chose the necklace during the overseas trip where she and William, 32, hooked up with power couple Beyoncé and Jay Z.

“Beyoncé told Kate about a vintage store she loved in Soho,” said the source. “Kate went and chose the necklace, but William will also buy her a series of sailing lessons.”

The source added Kate is “ecstatic” over the upcoming birth: “She can hardly sleep!”

## Cruise's LA compound

IT HAS some of L.A.'s top views – and now “Top Gun” actor Tom Cruise is selling his Hollywood compound!

Tom is asking \$13 million for the property – which Redfin real estate agent Alec Traub described as a “gated estate sitting on more than 2.5 acres of land, offering plenty of privacy for anyone looking to get away from prying eyes.”

More important, those gates allow a star to still enjoy “walls of glass offering beautiful views of the surrounding area.”

## Beth bares more

THE new book

from Bethenny Frankel

is called “I Suck at Relationships So You Don’t Have To” – and the outspoken “Real Housewives of New York” star spilled all about her first time between the sheets!

“I was 16 years old and it was Valentine’s Day,” she wrote. “I was in love with my boyfriend, and we were at a friend’s house, staying over after a party.”

Bethenny may have been young, but the newly single Skinnygirl creator still looks back fondly at the “romantic” experience.

“The first time we had sex, we had it several times, and again the next morning, and I felt like it made us closer,” she overshared.

## Is it grandma Lisa Marie – at age 47?

SHE just became a mother-in-law, but now Lisa Marie Presley might get called something else!

Still, the 47-year-old daughter of Elvis isn’t happy with her newlywed actress daughter, Riley, 25, rushing to get pregnant – saying, “I’m too young to be a granny!”

Spilled a family insider: “Lisa Marie wants to be a grandmother at some point down the road – just not now.”

Riley and hubby Ben Smith-Petersen are still out looking for “a place big enough for several kids.” Of course, a kid will also make Priscilla Presley, 69, a great-grandmother!

## Wedding singer Coco

COCO Arquette, Courteney Cox’s daughter with actor David Arquette, has landed a starring role in her mom’s wedding to rocker Johnny McDaid.

Coco has played a big role in the nuptials, too.

Courteney guested with Jimmy Kimmel and spilled about how Johnny first asked her daughter for per-

mission to wed her mom.

“He gave her a little diamond ring and got on his knee,” Courteney recalled. “And she said, ‘Great! ... Let’s do it right now!’”

## Classic ENQUIRER

“I WANT more money!” said the birth mother of Ted Danson’s adopted daughter, Alexis. Kelly Topel gave up her baby in 1984 so the child would have a better life – but this week in 1992, Kelly told The ENQUIRER that Ted and then-wife Casey should cough up extra cash. Ted brought Kelly to L.A. so Alexis could know her, but regretted it when Kelly’s manic-depressive behavior returned.

## Sofia sizes it up!

IT’S not easy being a bombshell – as Sofia Vergara admitted in an interview! The “Modern Family” babe talked about supporting her bountiful breasts. “What I used to do when I moved to L.A.,” she said, “I found places like Frederick’s of Hollywood that make bras for [strippers].”

# Drug Companies Fear the Release of “Jacked Up” Pill

**Big Pharma executives are nervous.** Analysts expect new natural “Jacked Up” pill could put a huge crimp in sales to men over 50. Pill said to restore strength; energy, metabolism, sex-drive, memory and focus back to health-levels of a 30-year-old man.

**N**EW YORK: It's hard to believe that in America today; a pill that could change the lives of millions of men is in danger of being yanked from the shelves. And it's just because big drug companies fear for their profits!

Right now, the pharmaceutical industry is desperately trying to stop shipments of the widely anticipated “Jacked Up” pill. The pill, made for men over 50, was released early last month. Yet, despite Big Pharma's efforts, sales have already exceeded expectations.

## Jaw-Dropping Results

The name says it all. The “Jacked Up” pill helps evaporate body fat, builds muscle mass, restores sex drive, increases energy, improves circulation and mental capacity – and boosts testosterone levels up to a whopping 170%. Doctors are astounded by its effects.

## What You Stand to Lose if Big Business Wins

Why do drug companies want this pill stopped? Since the “Jacked Up” pill is natural, drug companies can't patent it (like they did with Viagra) and make big profits. Plus, **if you're over 50 and healthy, with a strong body, a healthy sex drive, a clear mind and youthful looks; you aren't likely to be buying expensive prescription pills.** That's the very reason big business is trying to have it pulled from the shelves.

**“If you're over 50 and healthy... with a strong body, a healthy sex drive, a clear mind and youthful looks; you aren't likely to be buying expensive prescription pills”**

## How it Works

The “Jacked Up” pill works by reigniting testosterone production in older men (to levels they enjoyed in their

early 30's). This formulation doesn't force dangerous synthetic testosterone into your body like injections do. Instead, it works with your body to produce testosterone naturally. And the results have been extraordinary.

## Initial Users are Thrilled!

“After 6 weeks I'm impressed! I'm getting lean but NOT losing strength and size... plus MY ABS ARE BACK! - *Eddie D. of Tarrytown, NY*

“I'm 67 years old and playing tennis again... tennis! - *Guy R. of Fresno, CA*

It's a miracle! I jump out of bed in the A.M. instead of crawl. I feel so much stronger too. Thank you for this! - *Michael B. of Dayton, OH*

**Men report “feeling strong... with more energy, focus, drive, and enjoy an insatiable libido!” It's like your body reboots itself to feel like it did in the prime of your life.**

## “Big Pharma” Fat Cats Want it Gone

The powerful Pharma companies don't want this to be available to the public any longer. They want to produce their own synthetic version of the “Jacked Up” pill (They've tried. It doesn't work)...

Experts agree the “Jacked Up” pill is revolutionary.

You will see your belly fat melt away, enjoy impressive muscle growth, new interest in sexual relations, you'll feel younger, better, healthier, stronger, and your mind will feel focused and remarkably clear. But if big business gets its way you'll never have the chance to experience it for yourself. But you better stock up now... before it's too late!

## Limited Supply

Supplies are disappearing quickly. People are scrambling to get their hands on as much as they

**All across the country, older men are experiencing the startling effects of the ‘Jacked Up’ pill. No wonder why drug companies are so worried.**

can before it's gone. If Big Business wins, you will no longer be able to buy it – at any price! For now, you can still get the “Jacked Up” pill over the counter, without a prescription. The changes you will see in your body are miraculous (fat evaporates, muscle mass builds, your sex drive and youthful energy returns, circulation intensifies—and your testosterone levels are restored).

The effects will be felt for years to come. But the distributors aren't sure how long they can sustain the pressure drug companies are putting on elected officials to halt its sale. So even if big government and Big-Pharma eventually succeed in burying “The Jacked Up” Pill – you can reap its benefits NOW and secure your well-being far into the future.

## Special Opportunity for Our Readers

The makers of the “Jacked Up” pill are committed to beating Big Pharma pressure to keep this pill out of your hands. They are offering our readers a special opportunity to try the “Jacked Up” pill for a full 60-days . . . completely Risk Free! If you don't see remarkable changes in your body, your mind, your sex-life, simply return it... no questions asked, ever! If you would like to try the “Jacked Up” pill for yourself; **Just call toll-free 1-800-308-4859 and the distributor will send you a limited supply plus additional FREE BOTTLES** (just ask). But you must call now before it's too late!

# YOUR HEALTH

BY DR. STUART FISCHER, GIA PORTFOLIO & LAURIE MILLER

## PROTEIN GOES GREEN

MOST protein powders are loaded with more than pure protein: artificial flavors, colors or sweeteners, dairy, gluten and soy. Not Purely Inspired. This 100 percent plant-based protein, made with concentrated greens such as broccoli and spinach, is the truly healthy shake formula you've been looking for, in three tasty flavors – Chocolate, Vanilla and Very Berry. Available at Sam's Club, Walgreens, CVS, Meijer, Rite Aid and the Vitamin Shoppe.

## SENIORS GOTTA GET COOL!

HIGH temperatures cook up bad reactions in seniors. "When older adults are exposed to heat, their bodies are not able to increase skin blood flow, and are at a greater risk for cardiovascular events such as heart attack and stroke," said Penn State researcher Anna Stanhe-wicz. Supplements offer a cool solution. Try folic acid, which promotes circulation and lowers body temp by increasing nitric oxide production.

## HEALTH NEWS YOU'LL USE

## EASY REMEDIES TO EASE MUSCLES!

**M**USCLE spasms can overpower anyone – but don't strain yourself reaching for pain pills! There are natural alternatives to this painful problem. Chamomile tea, cayenne pepper, vitamin D supplements and even blueberry smoothies have antioxidants with effective anti-inflammatory properties. But sometimes the best remedy is rest. Spasms are often caused by overstimulated muscles. So drink lots of fluids, use an ice pack and get lots of sleep!

## A BETTER BREAST ENHANCEMENT

**A**CTRESS and health advocate Suzanne Somers' natural approach to breast augmentation may be the best move, according to the American Society of Plastic Surgeons. The star helped pioneer a fat-grafting technique that utilizes a patient's own cells – and the organization's latest report said the technique creates more "natural-appearing cleavage" than traditional synthetic approaches. And by not implanting foreign objects into the body, the technique is likely "healthier," said Dr. Stuart Fischer.

## AIR OUT YOUR ANXIETIES

**P**RESSURES at work! Money woes! Family drama! Anxiety comes from many places, and it may linger in the air around you. "Obviously, air pollution harms your body," said Dr. Stuart Fischer. "But it also lowers the level of oxygen in your brain, producing anxiety." The doc's orders? "Avoid heavy traffic if possible – and if you're stuck in it, close the windows and set the fan on recirculate mode so you don't let in pollutants. Steer clear of cigarettes, and exercise early in the day when ozone levels are low."

## FOODS THAT ARE HARD TO STOMACH!

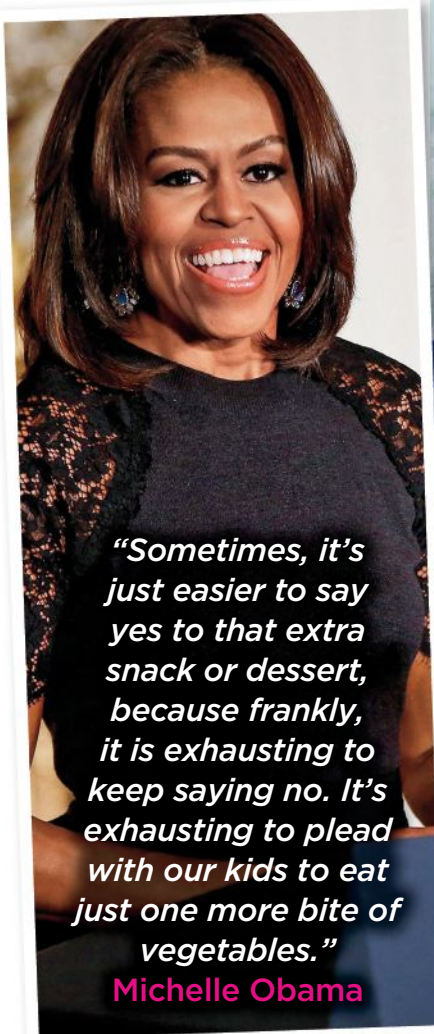

Seventy million Americans suffer from digestive issues – so pay attention to which foods agree with you. Artificial sweeteners can result in bloating and diarrhea, while the sugar and corn syrup in soda can inflame your digestive tract. Coffee stimulates acid development in the stomach. Consult a physician to find out what goes down easiest for you!

# HOW TO FAT-PROOF YOUR HOME

Here's the skinny on getting thin

*"Sometimes, it's just easier to say yes to that extra snack or dessert, because frankly, it is exhausting to keep saying no. It's exhausting to plead with our kids to eat just one more bite of vegetables."*

**Michelle Obama**

**T**HE First Lady is on the forefront of promoting healthy school meal standards and good eating habits for kids. But sometimes even the most diet-conscious families need to head off temptation where it lives - in the kitchen. Here are some key tips to help keep your family fit!

## **1 USE SMALLER PLATES!**

A recent experiment by Cornell's Food and Brand Lab revealed that people eat less when they are served food on smaller plates. They actually believe they are eating more when a smaller plate is full.

## **3 STOCK SMARTLY**

Keep low-calorie, pre-cut fruits and veggies, along with protein snacks like string cheese and sliced turkey, in clear containers at eye level in your refrigerator. This will make them the first and easiest thing to grab.

## **2 PUT FRUIT ON YOUR COUNTER**

Set out fruit [and nothing else] so it's easy to grab on the go - as opposed to candy. According to Food and Brand Lab research, a fruit bowl on the counter doubles the amount of fruit people consume.

## **4 PACK UP SINGLE SERVINGS!**

Divvy up supersized bags of trail mix or granola into small single-portion snack bags to avoid downing too many calories. And "use packets of mayonnaise instead of spooning from a jar," said Dr. Stuart Fischer.

## CRYPTOGRAM QUOTES

### FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

## ASK THE VET

WITH **DR. JEFF LACROIX**

Owning a pet can be a rewarding but often puzzling experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

### SEIZURES IN DOGS

**Our dachshund had a seizure last night that seemed to last forever, but probably only 1 to 2 minutes. This morning she seems fine. What do we do?**  
Seizures are not uncommon

in dogs. Causes include toxins [poison], head trauma, generalized diseases that disrupt normal body chemistry, and diseases of the brain.

Epilepsy is the most likely cause of the seizure you

observed. For now, you need to do nothing more than be a good observer. This could be the only seizure she ever has. More likely, subsequent seizures will occur at irregular intervals and will require therapy.

Drugs [life-long] are usually successful at controlling epileptic seizures. Control may not be 100 percent, but our pets don't have to drive a car or operate dangerous machinery.

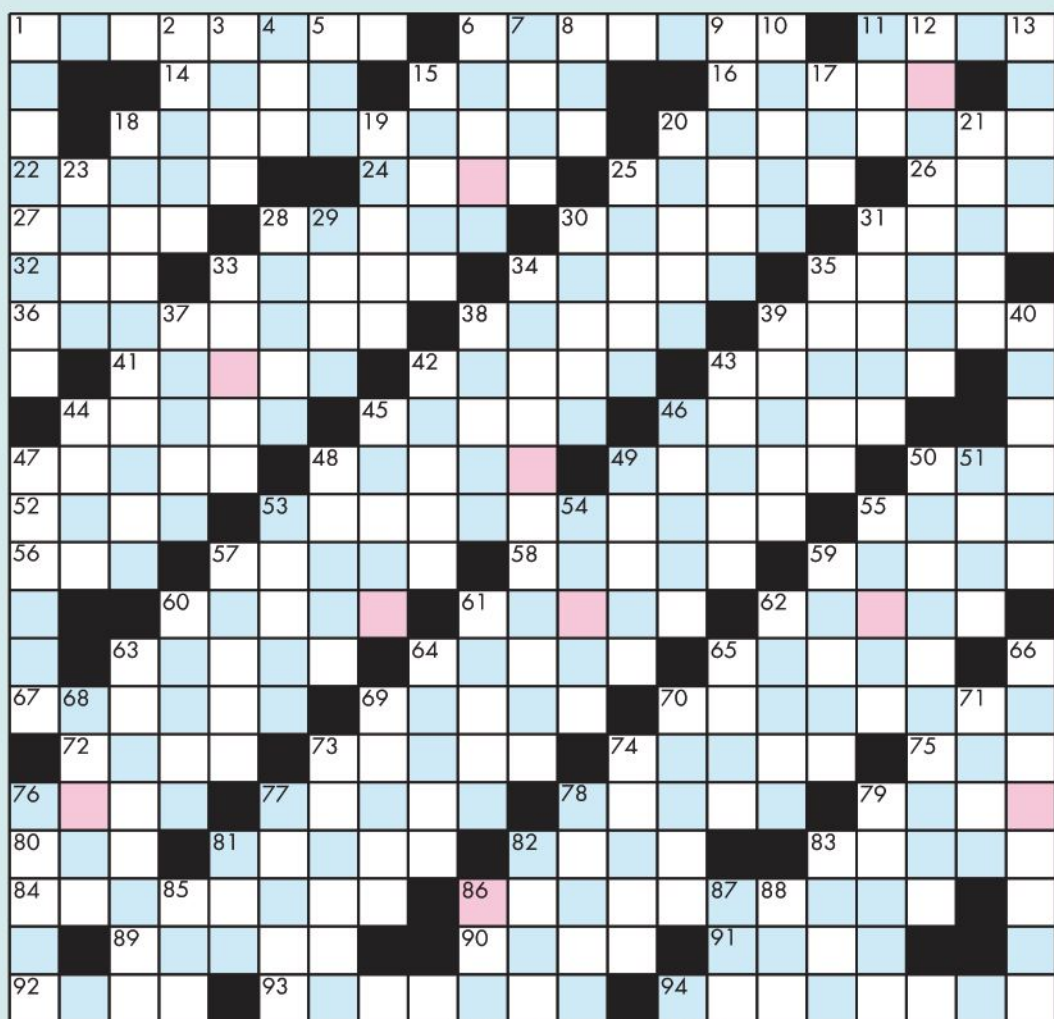

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email [letters@nationalenquirer.com](mailto:letters@nationalenquirer.com).

## HOW TO PLAY

**You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.**

# CAR-AZY CANINES!

## Pooches who hit the pedals at a driving school for dogs

**I**T'S a dog-eat-dog world out on the highway – but here's some news that'll really drive you to distraction!

In New Zealand they're teaching dogs to drive cars!

The lessons were part of a campaign by the country's Society for the Prevention of Cruelty to Animals to clear up common misconceptions about rescue pups.

"Sometimes people think because they're getting an animal that's been abandoned, that somehow it's a second-class animal," said SPCA Auckland CEO Christine Kalin.

"Driving a car actively demonstrates to potential rescue dog adopters that you can

teach an old dog new tricks."

Ya' think?

The three pioneering pups – Monty, a Giant Schnauzer, Ginny, a Whippet mix, and Porter, who's a Bearded collie mix – are all shelter dogs, and might have more skills than some New York City cabbies.

"The way all three SPCA

rescue dogs have taken to training really does prove that intelligent creatures adapt to the situation they're in," said animal trainer Mark Vette.

The determined dogs first went through a driver's ed

program – and earned their learner's permits by navigating a wooden cart that was pulled along with ropes by their trainers.

The pooches progressed to a real car after only eight weeks. They put their front paws on the wheel of a modified Mini, while their back paws were used to operate the accelerator and brakes – just like us!

Porter – who was the class valedictorian – and Monty showed off their skills on New Zealand national television, and passed the road test with flying colors.

"You wouldn't believe any dog could learn to drive a car on its own," Mark admitted.

"It really is remarkable, and we are so proud of the achievements of our training team and the incredible SPCA driving dogs."

The SPCA hopes that the doggies' fine performance will inspire more folks to adopt more strays.

Why not? They'd make great designated drivers!

And that's how these dogs went racing to the top of this week's Odd List.
